If your focus is on service and making a difference, you will find countless avenues to impact lives positively.

As members of the Busitema University Convocation, I challenge you to be agents of transformation. Instead of dwelling on blame, channel your energy into finding solutions to the pressing needs of our society. True progress lies in selfless service and a commitment to uplifting others. Love is not about what we receive but what we give, and through acts of kindness and sacrifice, we can build a better Uganda for future generations.

I encourage you to start this journey of love and service with your families, knowing that our efforts, when rooted in purpose and faith, are never in vain. Let the words of our national motto, *For God and My Country*, inspire your actions and guide you toward peace and prosperity.

## A WORD FROM THE VICE CHANCELLOR

With immense pride and joy, I extend my heartfelt congratulations to all our graduates, their parents, and benefactors on the occasion of the 15th Graduation Ceremony of Busitema University. Today is a celebration of your extraordinary dedication, perseverance, and the culmination of years of hard work. You have overcome challenges, excelled in your academic journey, and now stand ready to embrace the vast opportunities that lie ahead.

We give thanks to God for bringing us this far—Ebenezer: thus far the Lord has brought us! Your time at Busitema University has been a journey of growth, resilience, and preparation for the future. The values of integrity, respect, and compassion that have been nurtured in you here will be your guiding light as you step into the world as leaders, innovators, and change-makers.

We take great pride in the achievements of many of you who, with the support of our dedicated lecturers, took advantage of Busitema University's enabling environment to create innovations and produce publications that have gained global recognition. These accomplishments reflect your potential to be job creators rather than job seekers—an essential quality in today's rapidly evolving world.

While it is important to celebrate this remarkable milestone, it is equally vital to remember and acknowledge the contributions of those who have supported your growth. Give back to society, for it is through giving that we sustain progress and create lasting impact.

I am deeply grateful to our staff, parents, guardians, the Government, and all stakeholders who have been instrumental in ensuring the success of our training programs. To our graduates, I encourage you to seize every opportunity to refine your skills further, especially in volunteering, apprenticeships, and internships. These experiences will allow you to develop your talents and gain valuable experience as you transition from academics to the professional world.

### **Busitema University continues to grow and excel in several key areas including:**

- Human Resource Development, where we have expanded our academic strength, with over 80 staff members now holding PhDs, and many others promoted to higher ranks.

- Research Excellence in which the University is securing competitive grants in diverse fields, including natural products research, space science, materials science, renewable energy, and artificial intelligence. These grants are enabling us to adopt innovative, project-based learning approaches.
- Infrastructure Growth where significant developments have been made, such as the ongoing construction of the Maritime Institute in Namasagali and the Lecture and Laboratory Complex at the Faculty of Health Sciences in Mbale. The Medical Centre at Busitema Campus and the Natural Products Research and Innovation Centre have been completed and are ready for commissioning. These advancements enrich the experiences of both students and staff.

Once the Chancellor confers your academic awards, you will join the ranks of Busitema University alumni and become members of the University Convocation. I urge you to remain connected to your alma mater, contribute to its development, and benefit from the network of like-minded professionals within the Convocation.

Beyond the knowledge and skills you have acquired, let honesty and integrity be the cornerstones of your endeavors. The education you received at Busitema University is not just a degree—it is a foundation for success, equipping you with critical thinking, creativity, and resilience to navigate an ever-changing world.

As you leave the gates of Busitema University, take a moment to rejoice, reflect, and reposition yourself to chase your dreams with renewed vigor. This is your time to shine and make a difference.

Congratulations on this momentous achievement. Go forth and pursue excellence in all that you do!

## OATH

I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully.

I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug.

I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling.

With loyalty will I aid the physician in his/her work, and as a missionary of health, I will dedicate myself to devoted service for human welfare

## Oath (MED & BNA)

I swear to fulfill, to the best of my ability and judgment, this covenant: I will respect the hard-won scientific gains of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures [that] are required, avoiding those twin traps of overtreatment and therapeutic nihilism.

I will remember that there is art to medicine as well as science, and that warmth, sympathy, and understanding may outweigh the surgeon's knife or the chemist's drug. I will not be ashamed to say "I don't know," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients, for their problems are not disclosed to me that the world may know. Most especially must I tread with care in matters of life and death. If it is given me to save a life, all thanks. But it may also be within my power to take a life; this awesome responsibility must be faced with great humbleness and awareness of my own frailty.

Above all, I must not play at God.

I will remember that I do not treat a fever chart, a cancerous growth, or a sick human being, whose illness may affect the person's family and economic stability. My responsibility includes these related problems, if I am to care adequately for the sick.

I will prevent disease whenever I can, for prevention is preferable to cure. I will remember that I remain a member of society, with special obligations to all my fellow human beings, those sound of mind and body as well as the infirm.

If I do not violate this oath, may I enjoy life and art, respected while I live and remembered with affection thereafter. May I always act so as to preserve the finest traditions of my calling and may I long experience the joy of healing those who seek my help.
