A WORD FROM THE CHANCELLOR

On the occasion of the 11th graduation ceremony of Busitema University, I congratulate you all for this achievement. You have worked hard and I am indeed proud of your accomplishments.

The zeal you demonstrated towards your studies, the respect you accorded your Lecturers, the University support staff and your fellow students have all accorded critical first steps in your career development. It is a good beginning. I extend sincere gratitude not only to you but also to your parents, guardians, teachers, mentors, and peers for the help and counsel they accorded you over the years, making it possible for you to achieve this glorious finish.

Today certainly marks the beginning of the new phase in your life. Your time at Busitema University has been a phase to help you establish your roots firmly so that you can continue to grow and to be more productive in the years ahead of you. You have received 'nourishment' in the form of knowledge to help you bear good fruits that will last. You have also received anchoring to support you to withstand the storms of life that will come your way.

As you exit the gates of Busitema University, there is no doubt that many challenges will lie ahead of you. I am confident that your remarkable experience at Busitema University, the manner that you have conducted yourselves over the years, and the knowledge and skills you have received will help you to overcome the future challenges.

The journey that you are now embarking on encompasses not only personal, and family responsibilities but also the navigation of global communities and nations. This will place enormous pressure on you to respond to the new challenges, especially those caused by Covid-19, using the knowledge and skills you have acquired at Busitema University but also being increasingly creative, innovative and cooperative. You must continuously adapt to a rapid changing

world especially the digital environment. Knowledge itself is changing and increasing at breathtaking speed. If we stick on what we know we shall soon fall behind. We must participate in the ever changing world by daring to experiment, innovate and change the world we live in. Despite our many difficulties, or perhaps because of them, Uganda offers enormous opportunities for innovation in virtually every field. If you aim to serve you will find unlimited opportunity. But if you aim to consume, you will find no opportunity at all.

I want to challenge you and all your fellow graduates, past and present, to intensify and innovate energy to create a better country. It is us to create a better country than what we inherited. A spirit of blame does not in itself meet the crying needs we face. But an unyielding determination to meet needs, even when we are now monetarily under-compensated, can make a remarkable difference in the lives of the people whom God brings our way and presents us the opportunity to serve. Love is not about getting. It is about giving and until we practice and transform love, I believe we shall not be able to turn Uganda and ourselves around.

I also challenge you to go out and love the world, starting with your family! You will be amazed at God's response to your sacrifices. Remember our country's motto: *For God and my Country*. This vision of our motto is the way to peace and prosperity.

I wish you great success and excellent health as you leave the gates of Busitema University. Let us continue, together, to *Pursue Excellence* in everything we do.

For God and My Country

VICE CHANCELLOR

A WORD FROM THE VICE CHANCELLOR

I take this opportunity to congratulate all Graduands of the 11th Graduation Ceremony of Busitema University. As you celebrate this special day in your academic journey we thank God for bringing you this far!. The day that seemed distant the day you entered the gates of Busitema University has finally come.

I know significant sacrifices were made to effectively pursue your studies at Busitema University. Your resolve, commitment to personal growth, and the support of your families and friends has been critical to the completion of your journey. It is important to celebrate every achievement in life. It is also equally important to remember and pray for each and every member of the family and society at large who contribute to our cause for celebration.

To the Academic, Administrative and Support staff, who have contributed to your success today we shall always be grateful. We thank all parents, guardians and sponsors upon a job well done. With their love and support, you have made it to this memorable day.

Throughout your time at Busitema University, you have been exposed to several opportunities in as far as putting all the theory you've learnt into practice and it's imperative to apply them more especially during this covid-19 era that has left majority aspects of performance digital and virtual. Some of you with support of your lecturers took advantage of the conducive atmosphere at Busitema University to develop new innovations, publications and have actually received global recognitions. You have made us proud. I hope that you will not lose this innovative spirit and for those that did not take advantage, you can start today and still excel!

My advice to you is to take advantage of every opportunity that will arise, many of which come once. Allow yourselves to engage and enhance your newly developed critical thinking and problem solving skills. In this era where the job market is very competitive, I encourage you to take advantage of any available volunteering, apprenticeship and internships opportunities. This will exploit your talents whilst accumulating the much needed experience as you transit from the academic to professional work environment. For the knowledge you have acquired explore opportunities for entrepreneurship. The world is looking up to you to create jobs for the many unemployed youths. With determination and focus you will certainly succeed.

Over the past year, the University has got clearance from government to start new relevant programs like: PhD in Sustainable Energy Engineering, PhD in Material Engineering, PhD in Physics, PhD in Business and Management Sciences, PhD in Biodiversity, Conservation and Management, PhD in Educational Leadership and

Management, and a Master of Science in Sustainable Energy Engineering. I encourage many of graduates to enroll to these programs immediately they are advertised. The University has added capacity to human resource and a number of staff have been recruited and many promoted in Various units, departments, faculties and Directorates. Also we have a new University Bursar Mr Ojiambo Wilberforce and a new University Librarian Dr. Lugya Fredrick Kiwuwa.

On the side of research, many staff have continued to graduate with Doctor of Philosophy Degrees. The University has now over 50 staff with PhDs and the number is continuing to rise. Busitema University is continuing to win competitive grants like “*Consortium for Development of Sustainable Research-Based Fellowship Training on Infectious Disease Epidemiology and Biostatistics in Africa*” funded by EDCTP by Prof. Peter Olupot-Olupot, “*The Busitema University Light board for enhanced e-learning of STEM courses*” a grant from the Ministry of Information and Communication Technology by Professor Samson Rwahwire, “*The Evaluation of Anti-SARS COV2 activity of medicinal plants and formulation of herbal products for management of COVID 19*” supported by The Presidential Scientific Initiative on Epidemics (PRESIDE) lead by Dr. Samuel Baker Obakiro, among many other projects.

A number of infrastructural developments across our faculties have been setup. The University has started the construction of the Maritime Institute at Namasagali, Kamuli as directed by His Excellence the President. The Construction of a Lecture and Laboratory Complex at the Faculty of Health Sciences Mbale is progressing well.

After the Chancellor has conferred upon you the befitting academic award, you are addressed as a Graduate of Busitema University. You acquire the status of an Alumnus, and a Member of the Busitema University Convocation.

I urge you to take advantage as members of the Busitema University Convocation to support infrastructural development at your alma mater. Elections of the new convocation are underway to take place on 5th April 2021. We will continue to share with you developments aimed at scaling Busitema University to greater heights.

As we bid farewell to you today, I urge you to go out and make Busitema University proud. This is the time to rejoice, reflect and reposition yourself to chase your dreams. Be confident that you can succeed, and you surely will!

Congratulations on this momentous occasion of your life.

THE REPUBLIC OF UGANDA

THE UGANDA NATIONAL ANTHEM

- 1 Oh Uganda,
May God uphold thee,
We lay our future in thy hands;
United, free, for liberty,
Together we'll always stand

- 2 Oh Uganda,
The land of freedom,
Our love and labour we give
And with neighbours all,
At our country's call,
In peace and friendship we'll live.

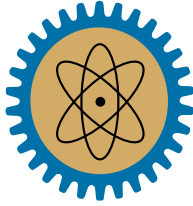

- 3 Oh Uganda,
The land that feeds us,
By sun and fertile soil grown;
For our own dear land,
We always stand,
The pearl of Africa's crown.

THE EAST AFRICAN COMMUNITY ANTHEM

Chorus

Jumuiya yetu sote tulinde
Tuwajibike tuimarike
Umoja wetu ni nguzo yetu
Idumu jumuiya yetu.

1. Ee Mungu twaomba ulinde
Jumuiya Africa Mashariki
Tuwezeshe kuishi kwa amani
Tutimize na malengo yetu.
2. Uzalendo pia mshikamano
Viwe msingi wa Umoja wetu
Natulinde Uhuru na Amani
Mila zetu na desturi zetu
3. Viwandani na hata mashambani
Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali
Tuijenge Jumuiya bora

THE ANTHEM

Oath

I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully.

I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug.

I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling.

With loyalty will I aid the physician in his/her work, and as a missioner of health, I will dedicate myself to devoted service for human welfare.

Oath (BNA & MED)

I swear to fulfill, to the best of my ability and judgment, this covenant: I will respect the hard-won scientific gains of those physicians in whose steps I walk, and gladly share such knowledge as is mine with those who are to follow. I will apply, for the benefit of the sick, all measures [that] are required, avoiding those twin traps of overtreatment and therapeutic nihilism.

I will remember that there is art to medicine as well as science, and that warmth, sympathy, and understanding may outweigh the surgeon's knife or the chemist's drug. I will not be ashamed to say "I know not," nor will I fail to call in my colleagues when the skills of another are needed for a patient's recovery.

I will respect the privacy of my patients, for their problems are not disclosed to me that the world may know. Most especially must I tread with care in matters of life and death. If it is given me to save a life, all thanks. But it may also be within my power to take a life; this awesome responsibility must be faced with great humbleness and awareness of my own frailty. Above all, I must not play at God. I will remember that I do not treat a fever chart, a cancerous growth, but a sick human being, whose illness may affect the person's family and economic stability. My responsibility includes these related problems, if I am to care adequately for the sick.

I will prevent disease whenever I can, for prevention is preferable to cure. I will remember that I remain a member of society, with special obligations to all my fellow human beings, those sound of mind and body as well as the infirm. If I do not violate this oath, may I enjoy life and art, respected while I live and remembered with affection thereafter. May I always act so as to preserve the finest traditions of my calling and may I long experience the joy of healing those who seek my help.
